

EDM - Every Day in May

Join us in drawing every day in May.

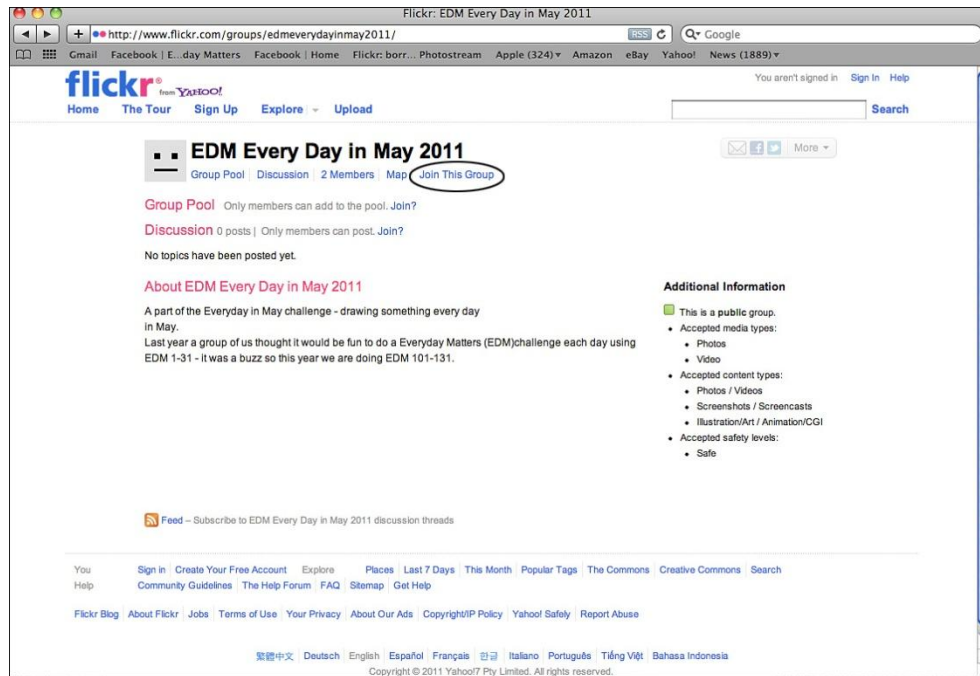

Start on 1st May with number 101 and draw one item on the list *every day in May* until you finish on 31st May with number 131.

Don't stress if you miss a day - just go on to the next one and catch up if you can. It is ok to combine a few, or to jump around if it suits...but the ideal is to do the right one on the day like everyone else...but most importantly have fun!

To join our online Flickr group, upload your own sketches and see everyone else's sketches, go to this address on flickr.com
